

Bruce Highway Upgrade

Caloundra Road to Sunshine Motorway

Construction notice

April 2017
Ref: CN05

Removal of on-street parking – Pignata Road, Palmview

Preliminary construction is continuing on the Bruce Highway Upgrade – Caloundra Road to Sunshine Motorway in preparation for major construction to begin in mid-2017.

A new car pool facility will be constructed between the Bruce Highway and Pignata Road as part of the major construction program.

For the safety of motorists and construction workers, it will be necessary to remove on-street parking on a small section of Pignata Road as part of preliminary construction works. More detail of the 'no parking zone' is shown on a map overleaf.

This will allow for construction to begin on the new car pool facility and work to occur on Pignata Road to provide safe access into and out of the facility.

Removal of on-street parking

On-street parking will be removed from:

5.00am on Tuesday 18 April 2017.

Motorists are asked to please ensure all vehicles are removed from the kerbside prior to this date. The 'no parking zone' will be monitored and enforced by Sunshine Coast Council.

Parking will be removed from the remainder of Pignata Road once the new car pool facility is opened to the public and construction work moves into these areas. Construction of the car pool facility is expected to take approximately six months to complete.

It is important to note that wet weather, contractor and site conditions may change this work schedule.

These no parking arrangements will remain in place until construction is completed in late 2020, weather permitting.

What else to expect:

Work in this area is expected to be undertaken Monday to Friday, from 6am to 6pm.

As construction ramps up, the community should expect:

- **Increased construction traffic:** The number of construction and heavy vehicles will increase on Pignata Road. Please take care when travelling on this road.
- **Audible noise:** Audible noise from construction activities and heavy machinery can be expected. Reversing beepers are a safety requirement and will be used at all times during work hours.
- **Changed traffic conditions:** Reduced speed limits will be in place in this area. Traffic controllers will also be present at times during working hours.

No parking zone – Pignata Road, Palmview

Map key

Approximate location of new car pool facility

Removal of on-street parking from both sides of Pignata Road

Car pool facility

The new car pool facility will ultimately cater for about 240 vehicles. Access will be provided at Pignata Road and a new off-road footpath will connect the facility to the Downunder Drive precinct via the Pignata Road underpass.

The new car pool facility is scheduled to open early in the construction program, dependent on wet weather, contractor and site conditions.

About the project

These works are part of the Bruce Highway Upgrade – Caloundra Road to Sunshine Motorway.

The project involves upgrading the highway from four to six lanes including major upgrades to both the Caloundra Road and Sunshine Motorway interchanges. A new two-way western service road will also be provided for local traffic between Steve Irwin Way and Tanawha Tourist Drive.
